## Makers Market at the National Festival of Making

May 12<sup>th</sup> & 13<sup>th</sup> 2018

After the success of the first National Festival of Making, we are delighted that this major event will be returning to Blackburn, Lancashire on Saturday 12th and Sunday 13th May, 2018. As a key feature of the Festival, the Makers Market will return to King Georges Hall with a wide range of stalls showing and selling work by fabulous artists, designers and makers.

In 2017 the event attracted crowds of over 30,000 across the weekend with a vibrant programme of art, science, digital and craft experiences attracting significant national media attention.

The Makers Market is a collaboration between Festival producers, Festival of Making CIC and guest curators, Hopeful & Glorious to celebrate and spotlight art, craft and design from across the region.

Hopeful & Glorious will curate a showcase of over 50 artists, makers and designers who have been selected for the quality and originality of their work.

The Makers Market will provide a platform for creatives to exhibit and sell. It's an opportunity for makers to share and shout about their creativity and industry.

Leading up to and across the Festival of Making, makers taking part can explore the many elements that go into being a maker today. As with 2017, it is hoped that the Crafts Council will continue to lead professional practice support over the weekend and offer awards for the best in show.

The Makers Market will be open from 11am to 5pm each day.
